

STAINLESS STEEL COUNTERTOPS, BACKSPLASHES & SINKS

Hanset has been making stainless steel countertops, backsplashes and sinks for over 30 years. Our custom metalwork can be found in some of the West Coast's finest homes, and we work closely with our clients to ensure we meet every design and performance requirement.

WHY STAINLESS STEEL?

There's a reason top chefs and restaurants use stainless steel in their kitchens: unparalleled performance. Stainless steel is virtually indestructible, hygienic, and looks great.

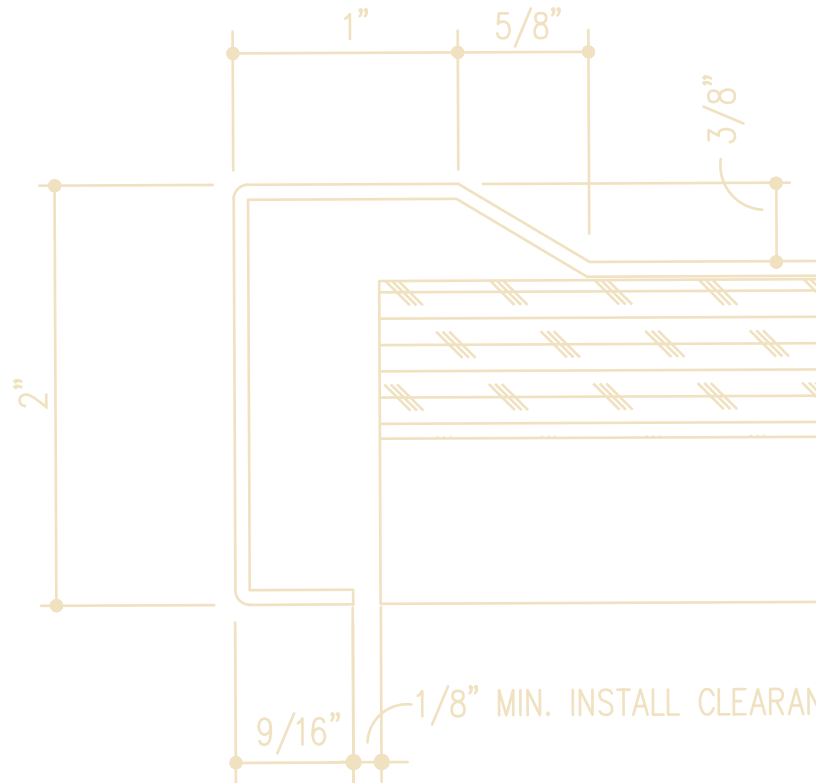

FIVE MORE REASONS TO CHOOSE STAINLESS STEEL:

1. Highly stain-resistant, with no worries about oil, juice or food coloring spills
2. Easy to clean with soap and water
3. Safely handles hot pots and pans
4. Non-porous surface is anti-bacterial for a safer, cleaner kitchen
5. Low maintenance

QUALITY MATERIAL

Hanset is respected nationwide for high-quality craftsmanship and materials. We use corrosion-resistant and durable type 304 or 316 stainless steel for residential projects. Our standard build includes commercial grade gauges:

- 14-gauge countertops & backsplashes
- 16-gauge sink bowls
- 20-gaugewall flashing

COUNTERTOP & BACKSPLASH EDGES

Hanset offers a variety of edge profiles to choose from, in both standard and custom sizes:

COUNTERTOPS

Marine Edge

Modified Marine Edge

Square Edge

Marine Ambassador Edge

Rolled Edge

Modified Rolled Edge

BACKSPLASHES

Square Backsplash Radius Corner

Square Backsplash Square Corner

45° Backsplash Radius Corner

45° Backsplash Square Corner

FINISHES

- #4 brushed finish – Also known “satin,” our most popular finish has a uniform grain that looks great with modern stainless steel appliances.
- Matte finish – Slightly more muted, without any directional grain.

SINK BOWLS

Many of our projects include one or more sink bowls incorporated seamlessly into the countertop. Standard designs include 5/8” rounded bottoms and corners or square corner construction. Other options include integrated drain boards and faux farm style sinks.

GETTING STARTED

Ready to plan your new countertops? Hanset is here to help. As part of our initial discussions we'll ask some basic questions to understand the scope of your project.

- How many counters would you like and at what dimensions?
- Straight, U- or L-shaped, or an island?
- Integrated sink bowls or cut-outs? What bowl size(s)?
- What edge and backsplash details would you like, and what finish do you prefer?
- Do you have a sketch of your idea and photo of your current setup?
